Favourite/best Touch moments:

Club:

Vipers 2014 men's open (premiers & champions). What made it even better won with 8 players AND 3 players over 40 years of age, against 12 players 20-25 years of age.

South Queensland Sharks winning Queensland state champs 2014 and playing with them at NTL (National touch league) - greatest Franchise by a country mile.

Country: Looking forward to my first game in the English jersey.

Profile:

First played Touch in 1993, by 1994 I had made mixed open state team. In 1995-99 played in men's open; 2000-06 men's 30's.

Have had the pleasure to play with/ against some of the best Touch football players in Australia for a lot of years, Touch football has been great to me not only on the Touch field from park level to International but also off the field making a lot of friends along the way. I still have that enthusiasm and professionalism for Touch not to mention the kill or be kill attitude (very competitive) but also very team orientated at the same time.

It has been hard to play high competition as often as I would like in Victoria, that's why I regularly travel 1600 km to Queensland to play with the South Queensland Sharks at NTL and at the Queensland State Championships. I also play Queensland Affiliates Cup with Redlands (in the South Queensland zone).

A lot of training has gone into my preparations for the World Cup, so looking forward to the experience and of course another challenge.

My team goal for the World Cup is to contribute as much as I can, work with my teammates and get the best result for the England 40s. My goals are to play a mistake free tournament in all aspects of my game.

International record

Australia: 8 caps, 6 touchdowns
