Favourite/best Touch moments:

Club: Winning at the 2014 Manchester CTS with the Pirates – totally unexpected as we’d never even practiced together!

Country: Winning the 2013 Home Nations in Ireland – in the final we had one of those rare times when everything ‘clicked’ as a team.

Profile:

I first started playing Touch when I turned 40 as something to do with my then teenage son and as a way of keeping fit.

I played in my first NTS a year later and soon realised what I’d been playing wasn’t Touch!

I was persuaded to go to a trial in 2009 and managed to be selected in the first England Mens 40 squad for the Home Nations in Glasgow and have been lucky enough to have been selected each year since.

I’m looking forward to enjoying the whole World Cup experience in Australia, to playing to the best of my ability and doing whatever is necessary to help the team be successful.

International record

45 Caps, spanning 6 international tournaments.
