Favourite/best Touch moments:

Club: The elation of scoring the drop off touchdown in our first NTS win Tonbridge 2008 was an early highlight. Though taking down 2FoxC in the Cambridge league 2005 is right up there as a best moment.

Country: Being named SMX captain in 2010 for the Bristol euros and 2011 World Cup were proud moments and beating the Mixed Open in Bristol was much more fun than it probably should have been. The main highlight was obviously playing in the Edinburgh World Cup against Australia and New Zealand even if we missed out on a medal by the narrowest of margins.

Profile:

After 20 years of club rugby I started playing touch as an excuse for a night out and a few beers with the works team and this is still one of my favourite things in touch. They certainly keep my feet on the ground and remind me how rubbish I really can be. I missed the first ever NTS event but have represented Cambridge Hornets in every one of the 40 since. The development in the competition over that time has been incredible.

The last few years I've done a lot more coaching with club and country and I'm proud of my unbeaten record as player coach of the SMX in 2012/2013. Whilst I still love playing, the legs are not as willing as they once were so developing new English talent within Cambridge and the Midlands is very much my focus now.

Hopefully Coffs Harbour will provide one last Hurrah and some great new memories
