Favourite/best Touch moments:

Club: Playing every game for both Halton Touch and Percy Park in the CTS last year and bagging myself 8 TD's on the day

Country: Loved that feeling I got when with a few minutes to go, we knew we had won our first championship in the Home Nations in 2013, especially having played in the M40's first outing in 2009 when we did not win a game.

Profile:

Started playing social Touch in 2005 at the ripe old age of 39, and a few years later started playing in leagues, and then started to lose all the bad habits I had picked up (still got a few though). I wish I had come to this sport earlier. I now have the dubious honour of being the oldest in the squad.

Having been soundly beaten by Australia and NZ in the last World cup, I am looking forward to testing our progress against these and other sides.

International record

43 Caps with 12 Touchdowns spanning 6 international tournaments.
