Favourite/best Touch moments:

Club: Winning the University Nationals in a 4-4 drop-off, after utilising the right to reply.

Country: Winning the European Championships 2014.

Profile:

Started playing social Touch at school, then at the age of 19 I began playing with the South East Sharks and subsequently was selected to play wing at the Home Nations in Dublin 2013. Following this I played more and more social Touch in London and also at University, playing with the Bath Uni Hawks where we won the 1st ever University Nationals in 2014.

Later in 2014 I played middle at the European Championships and went through unbeaten to win. Currently I have been training hard alongside my degree and player coach of the Bath Uni Hawks. Can't wait to fly down under and put all the training towards our team's efforts to finishing as high as possible.
